Preschool Training

Join us for an in-person, day-long workshop designed for teachers, paraprofessionals, and related service providers of preschool students with disabilities. This session will focus on Language & Literacy that incorporates instruction on phonological awareness, concepts of print, and alphabetic knowledge. Information presented will be based on literacy research and how literacy instruction in the early years impacts reading in the elementary school and beyond. Participants will learn to identify a variety of methods for differentiating instruction for all children with a focus on intervention for students with characteristics of dyslexia.

This Best Practices Training, led by staff from Georgia State University's Department of Early Childhood and Elementary Education, provides professional development tools needed to keep Georgia educators at the forefront of current research and field-tested classroom methodology. Each attendee will receive two preschool books with coordinating activities for use in the classroom.

Training will be from 8:30 a.m. to 3:00 p.m. at each location. Seating is limited so register early. Please refer to the Professional Learning Catalog for registration links.
