

Transition Best Practices – What New Directors Need to Know about Transition

SELDA

February 28, 2024

IDEA - Transition Services Plan

(b) Transition services. Beginning not later than the first IEP to be in effect when the child turns 16, or younger if determined appropriate by the IEP Team, and updated annually, thereafter, the IEP must include -

- (1) Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and
- (2) The transition services (including courses of study) needed to assist the student in reaching these goals. [34 C.F.R 300.320(b)(1) – (2)]

A Transition Guide

[A Transition Guide to Postsecondary Education and Employment for Students and Youth with Disabilities](#)

Monitoring Secondary Transition *Indicator 13* & Post-School Outcomes *Indicator 14*

IDEA Requirements – Indicator 13

COMPLIANCE
INDICATOR

EVALUATES LEAS
IMPLEMENTATION OF
IDEA

DESCRIBES THE
PLAN FOR
IMPROVING
IMPLEMENTATION

State Monitoring - Indicator 13

Review of a sampling of transition plans from LEAs across the state yearly, as required by IDEA.

Currently, transition plans are reviewed during the Cross-Functional Monitoring process and those results are reported for Indicator 13.

While the process for reviewing transition plans may vary yearly, the required components of the transition plan do not change.

Age-appropriate Assessments

The collection of evidence and artifacts that document a student's interests, preferences, and strengths.

Measurable Postsecondary Outcome Goals

Goals for after high school in the areas of *education/training, employment, and independent living.*

Course of Study

Reflects the academic course work to reach the postsecondary goals.

Measurable Annual Goals

Facilitates movement towards meeting the postsecondary goals.

Activities

Provides the opportunities for exploration and skill development to achieve the annual goal.

Services

Specially designed instruction, related services, community interaction, and collaboration within school.

Student Invited

Evidence that indicates the student was invited to participate in the IEP Team meeting.

Agency Representation

Evidence that a representative from an agency that is likely to provide or pay for services is invited, if appropriate.

Parental Consent

Prior parental consent for the invitation of an agency representative must be evident.

Transition Documentation Checklist

February 26, 2024

Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were:

Reporting Requirements: Indicator 14

14A. Enrolled in higher education within one year of leaving high school

14B. Enrolled in higher education or competitively employed within one year of leaving high school

14C. Enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school

Monitoring Indicator 14

- The monitoring priorities and indicators of the Office of Special Education Programs (OSEP) State Performance Plan (SPP) mandate the gathering of data on the postschool activities of individuals exiting special education.
- To meet the requirements of the SPP, the Postschool Survey for individuals exiting school during the previous school year is conducted from May 15 through July 31 each year. The report must be submitted to the GaDOE Division for Special Education by July 31.

February 26, 2024

Transition for Students with Disabilities

**COMPLIANCE –
LETTER OF THE LAW**

**BEST PRACTICE –
SPIRIT OF THE LAW**

February 26, 2024

Transition = Action Plan

Mapping out the steps that will reasonably enable the goals to be reached

Providing support and opportunities to be exposed to and build skills

Collaborating to build and establish relationships with service providers and community resources

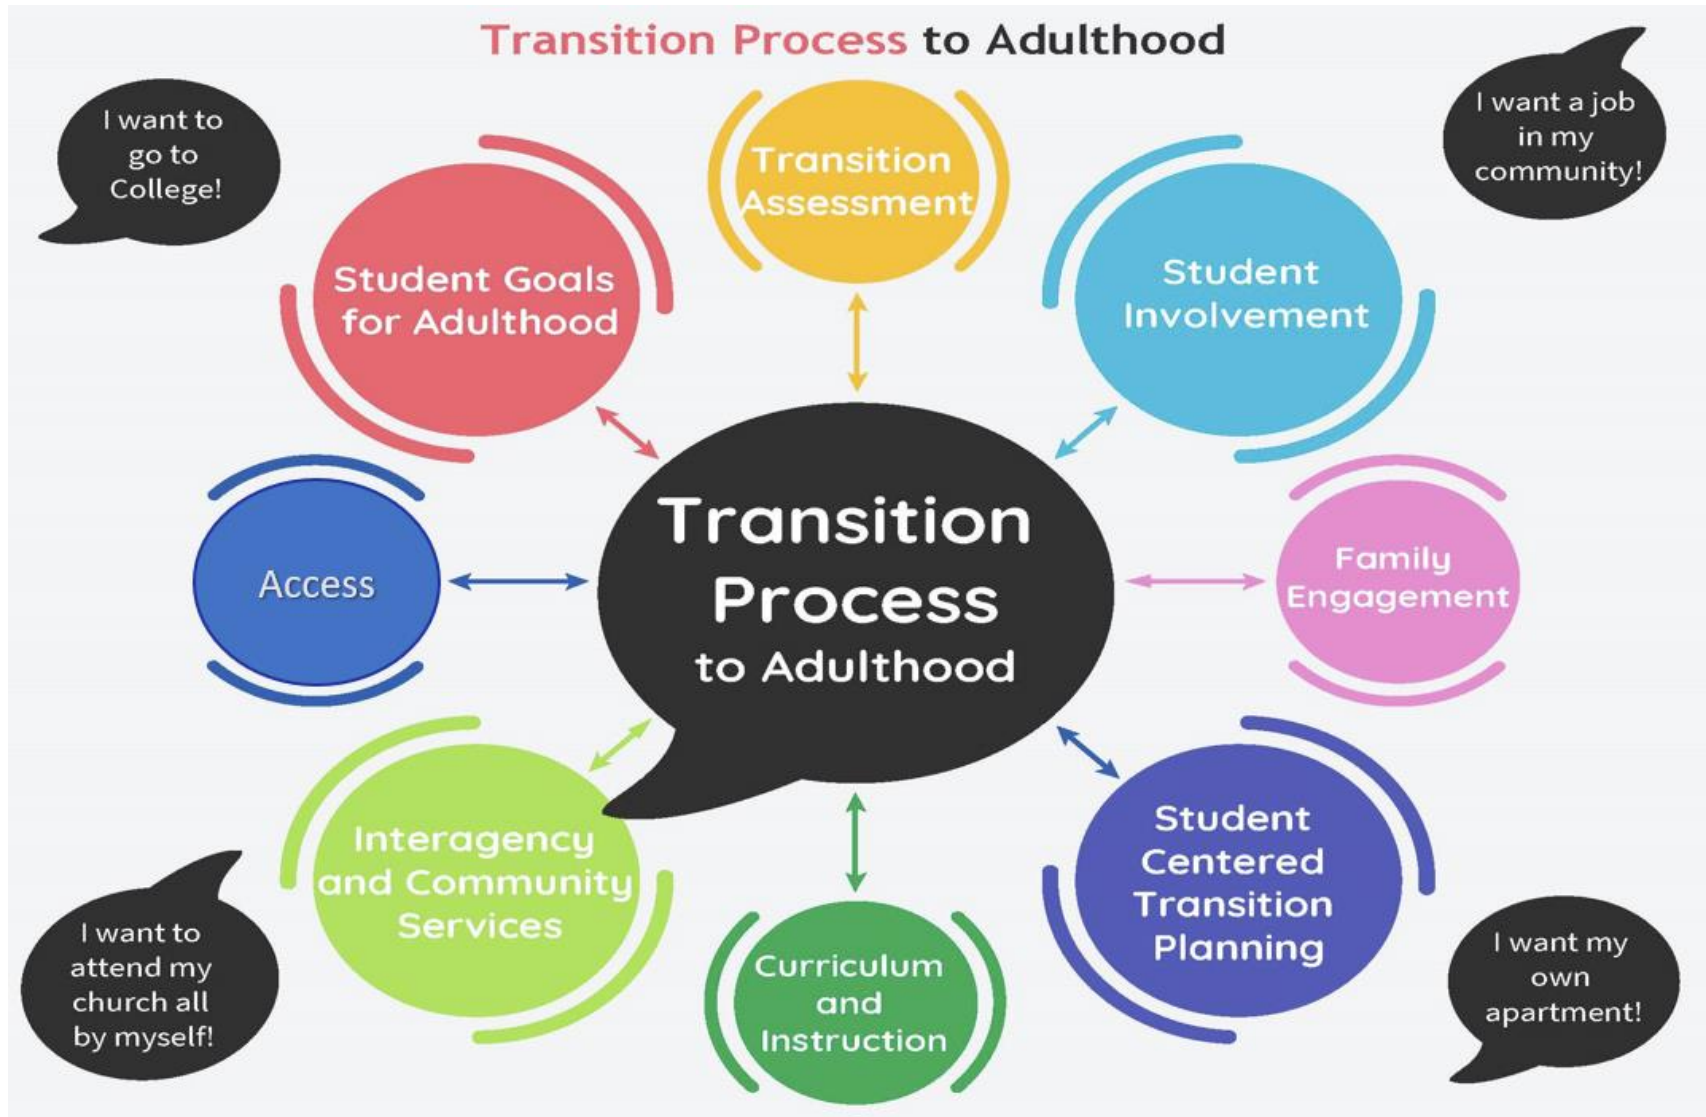

Setting goals for life after high school and providing the steppingstones to reach those goals

Put First Things First

- **State Performance Plan Indicators**

- Indicator 1: Graduation Rate
 - Percent of youth with IEPs graduating from high school with a regular diploma
- Indicator 2: Dropout Rate
 - Percent of youth with IEPs dropping out of high school.
- Indicator 13: Transition Compliance (secondary transition components of the IEP)
 - Percent of youth with IEPs aged 16 and above with an IEP that includes coordinated, measurable, annual goals and **transition** services that will reasonably enable the students to meet postsecondary goals.”

Adapted from "Your Complete Guide to Transition Planning and Services" (Morningstar and Clavenna-Deane, 2018)

February 26, 2024

The End Result Counts

Sometimes when you're cooking it's messy, but the outcome is good.

Peter Facinelli

February 26, 2024

Best Practices for Transition

- Designate a transition specialist, coordinator, or lead to coordinate the work
- Begin transition activities as early as possible (Pre-K)
- Create policies, practices, and procedures for the implementation of the compliance and best practices in transition
- Participate in transition technical assistance, webinars, and state sponsored initiatives

Best Practices for Transition

- Engage with OSEP supported technical assistance
 - [National Technical Assistance Center: The Collaborative \(NTACT:C\)](#)
 - [Council for Exceptional Children: Division on Career Development and Transition \(DCDT\)](#)
- Establish a peer review system for compliance and reference the GaDOE's Transition Documentation Checklist or the Cross-Functional Monitoring Due Process Checklist
- Participate in the Optional Transition Planning Survey, if needed

Best Practices for Collaboration

Consider:

- What services and providers are needed to begin transitioning the students to their postsecondary outcomes?
- Has the family been involved in the planning process?
- Who else is needed to collaborate in the planning process?
- How can team members assist students in reaching their goals?

Best Practices for Collaboration

Consider:

- Are the activities reflective of a coordinated collaboration of stakeholders?
- Are the appropriate activities in place to allow the student to move toward reaching their goals?
- Has an assistive technology evaluation been complete?

Team Members for Planning

- Student
- Family members
- Special Education Teachers/
- LEA/District Leaders
- General Education Teachers
- Agency Representative
- Counselors
- CTAE/CTI Staff
- Related Services
- Assistive Technology
- School Psychology
- Other individuals?

Collaboration

- **Before**

What services and service providers may be needed to begin transitioning the student to their postsecondary outcomes?

- **During**

How can families, school staff, providers and community organizations and members assist the student to reach their postsecondary goals?

- **After**

Are services being provided to meet the postsecondary goals?

From IGP to IEP and Transition

- Course of Study
- Career Pathways
 - Guidance Counselor
 - Career Technical Instruction
 - Working in collaboration with instructors from Career, Technical and Agricultural Education Programs

Best Practices for Transition Assessments

- Begin completing assessments early
- Incorporate multiple perspectives, approaches and/or tools
- Be age-appropriate and practical
- Generate data that can inform
- Discuss results with the student
- Identify needed skills, experiences, connections, and supports
- Provide resources for assessments to teachers in the LEA

Examples of Formal Assessments

- YouScience
- Life Centered Education Assessment
- Pictorial Inventory of Careers
- Interest Inventories
- Brigance Life Skills Inventory
- Self-Determination Assessments (SDI)
- Standardized Tests
- Vocational Assessment

Examples of Informal Assessments

- Transition Questionnaires
- Interviews
- Checklists
- Anecdotal records (observation)
- Teacher and Parent observations
- Person-Centered Planning
- MAPS
- Curriculum-based Assessments
- Previous Information

Examples of Standardized Tests

- Preliminary Scholastic Aptitude Test (PSAT)
- Scholastic Aptitude Test (SAT)
- Georgia Milestones Assessments System (GMAS)
- Georgia Alternate Assessment 2.0 (GAA)
- End of Course Test (EOCT)
- End of Pathway Assessment (EOPA)
- American College Testing (ACT)
- Armed Services Vocational Aptitude Battery (ASVAB)

February 26, 2024

Supplemental Information: Added to Formal and Informal Assessments

Psychological reports

IEPs or Transition Plans from previous school/year

School transcripts

Disciplinary Records

February 26, 2024

Resource for Assessment Toolkit

The **National Technical Assistance Center on Transition (NTACT)** has developed a document produced under a grant from the U.S. Department of Education (USDOE), Office of Special Education Programs (OSEP) to aid in understanding and identifying age-appropriate transition assessments.

February 26, 2024

Student Involvement/Student Centered Transition Planning

- Student-led IEP (SLIEP)
- Self-determination/Self-advocacy
- Student-focused planning/person centered planning
- Independent living skills
- Social skills training

Something to Think About

- An Independent Living Goal is not required for Indicator 13 if the IEP team, based on the Preferences, Strengths, and Interests, indicates there is no need to address for the student.

HOWEVER

- In best practice, **all** students should have an Independent Living Goal. Consider:
 - Household and Money Management
 - Transportation
 - Community Involvement
 - Personal Safety
 - Self-Determination/Self-Advocacy

February 26, 2024

Considering Students with Significant Cognitive Disabilities

- [According to State Board Rule 160-4-2-.48](#)
 - students with significant intellectual disabilities or intellectual disabilities concurrent with motor, sensory or emotional/behavioral disabilities who require substantial adaptations and support to access the general curriculum and require additional instruction focused on relevant life skills and participate in the Georgia Alternate Assessment (GAA).
- ...curriculum includes instruction in **self-determination, independent living and personal care...**

February 26, 2024

Family Engagement

- Use the services of a parent mentor
- Transition discussions early (Pre-K)
- Engagement in transition process vs invited to transition planning meeting
- Build capacity for developing students' self-determination skills
- Transfer of Rights and Decision-Making Options discussions early
- Transitioning youth to adult care (middle school)
- Use the
- Partner with Parent to Parent of Georgia (P2P)

Curriculum and Instruction (Access)

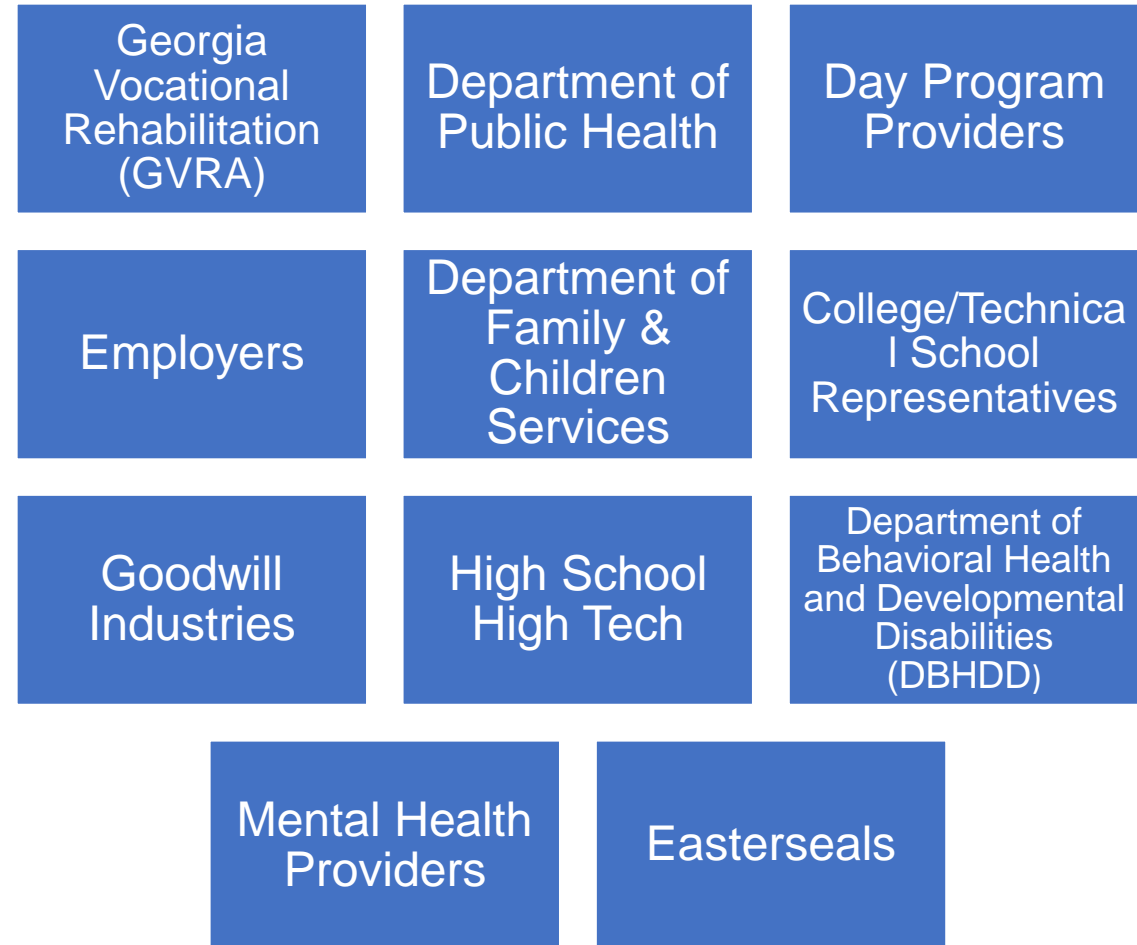

- Inclusion in general education course
- Community-based Instruction (elementary school)
- Community-based Vocational Instruction (middle school)
- Work-based learning, internships, apprenticeships (high school)
- Dual-enrollment
- Vocational education participation/ Pathways
- Robust 18-22 transition programs for students with more needs

Interagency and Community Services

- Pre-employment transition (Pre-ETS)
- Referral to Georgia Vocational Rehabilitation Services
- Connect with [Transitioning Youth to Adult Care \(Department of Public Health\)](#)
- Community mapping for services, resources, and potential employment

Agency Representatives

Agencies or other organization representatives who are likely to provide services and supports to students may be invited to attend IEP meeting to discuss transition:

February 26, 2024

Collaborating for Assistive Technology

- Assistive Technology
 - School
 - Work
 - Community Participation
 - Recreation and Leisure

Assistive Technology for Transition

July 2020

A Guide for Assistive Technology and Transition Planning

Student Name: _____ Person Completing Form: _____

Students Grade: _____ Date Report was Completed: _____ Expected Graduation Date: _____

Purpose - The purpose of this tool is to review the student's assistive technology needs when transition planning.

Ratings - In each of the following functional areas, determine if the student has any limitations. If limitations do exist, answer the questions regarding the student's capacities. Consider their abilities with & without assistive technology.

Please Read and Consider Each Item - Any NO answer is a red flag that the student may confront significant barriers during their transition process. However, these are minimum standards. Even with a YES rating, there may still be a benefit from using assistive technology for this function. Next, consider the examples of types of assistive technology that might be used to address these barriers.

Daily Transportation Activities - Can the student independently:

	Yes	No
Drive?		
Get in/out of any vehicle to be a passenger?		
Transfer into a vehicle and load mobility device?		
Get into/out of a vehicle with a ramp or lift?		
Independently arrange transportation?		
Independently utilize public transportation?		

Transportation Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Adaptive Driving Equipment				
Car Top or Bumper Carrier for Mobility Device				
Van with a Ramp or Lift				
Other				

Comments - Transportation and Daily Living:

@georgiadeptofed

Canfield & Reed, 2001

www.gadoe.org

Daily Living Activities - Can the student independently:

	Yes	No
Eat?		
Prepare Food?		
Do Laundry?		
Groom/Self Care/Hygiene?		
Housekeeping Activities?		
Manage time? Follow a schedule?		

Daily Living Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Dressing Aids				
Adaptive Clothing				
Adaptive Kitchen Utensils/Dishes				
Roll in Shower				
Adaptive Hygiene Devices				
Environmental Controls				
Adaptive Grooming Tools				
Adaptive Appliances				
Reacher/Grabbers/Low Tech Aids				
Assistive Time Devices				
Assistive Memory Device				
Electronic Organizer				
Emergency Response System				
Alarm System				
Positioning and Seating Devices				
Mobility Device				
Adaptive Bathing Device				

Assistive Technology for Transition

July 2020

Mobility Activities - Can the student independently:

	Yes	No
Navigates at a reasonable pace?		
Navigates outside on varied terrain (College Campus)?		
Tolerates and can be mobile in the space of 3 city blocks?		
Carry a 5 pound backpack while being mobile?		
Operate controls to activate community building access devices (elevators, doors)?		

Mobility Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Power Wheelchair				
Manual Wheelchair				
Power Scooter				
Walker				
Cane/Crutches				
Grab Rails				
Environment Controls				

Comments - Communication, Mobility and Tolerance:

Assistive Technology

Any item, piece of equipment or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of children with disabilities.

The term does not include a medical device that is surgically implanted, or the replacement of such device.

Oral Communication Activities - Can the student independently:

	Yes	No
Communicate wants and needs to non familiar communication partners?		
Independently operate a phone?		
Independently communicate with non-familiar person on the telephone?		
Understand and remembers simple verbal instructions?		
Understand & remembers complex verbal instructions?		
Manage time and follows a schedule?		

Communication Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Eye-gaze/spelling/picture board				
Voice output device				
Adapted phone				
Adapted writing device				
Laptop computer				
TTY or relay system				
Voice output reminders				
Electronic organizers				

Tolerance (to school/community/work environment - Can the student:

	Yes	No
Physically tolerate full day school/work?		
Emotionally tolerate full day school/work?		
Medically tolerate full day school/work?		
Environmentally tolerate full day school/work? (allergies, sensitivities to the environment, etc.)		

Tolerance Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Distance Learning				
Adaptive Seating and Positioning				
Electronic Communication				
Organizers/Day Planners				

[AT to Consider for Transition.pdf \(gadoe.org\)](https://www.gadoe.org/AT-to-Consider-for-Transition.pdf)

Assistive Technology for Transition

July 2020

Computer Access Activities Can the student independently:

	Yes	No
Perform manipulative tasks (including turning computer on/off, entering data, operating mouse, handles paper in an efficient manner)?		
Access the internet?		
Control the cursor?		
See the computer screen?		
Manage the keyboard?		

Computer Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
External Keyboard				
Alternate Keyboard				
On-Screen Keyboard				
Arm rest/Adjustable Work Station				
Alternate Mouse				
Speech to Text				
Text to Speech				
Switch Operation				
Braille Writer				

Division for Special Education Services and Supports

Assistive Technology
Any item, piece of equipment or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of children with disabilities.
The term does not include a medical device that is surgically implanted, or the replacement of such device.

Comments - Computer Access and Literacy:

Literacy Activities - Can the student independently:

	Yes	No
Manipulate books and newspapers/magazines to read independently?		
Comprehend print material prepared for the general public?		
See text to read?		
Physically produce written information?		
Communicate ideas in a written format at their expected level of proficiency?		

Literacy Adaptations:

	Not Applicable	Maybe could use	Using, needs improvement	Using and is independent
Pager Turner/Book Holder				
Scanning/OCR				
Picture Icons for Text				
Text to Speech				
Highlighted Text/Zoom text				
Recorded Material				
Bookshare				
Learning Ally				
Organizational Aids

Summary of Performance

- The LEA must provide a student whose eligibility terminates due to graduation with a regular diploma or exceeds the age requirements under IDEA a summary of performance.
- The summary of performance should include a summary of the student's academic achievements and functional performance, including recommendations on how to assist the student in meeting the student's postsecondary goals.
- The purpose is to provide strategies for successful transition and needed supports.
